Dear Canadian Mushroom Growers,

I am reaching out to you to express my appreciation and thanks for your hard work in the mushroom industry. The country and the world are experiencing unprecedented challenges in all areas of our lives. Through this difficult time, you continue to work hard every day to produce high-quality mushroom products and help to put food on our tables. I am certainly not the only one who is grateful for your sacrifice and valuable contribution to Canadian agriculture and the economy.

To express my support, on my social media pages, I have shared information about the significance of the Canadian mushroom industry and conveyed my thanks for your hard work. I also encouraged folks to buy and support local whenever they can.

During these difficult times, above all else, be sure to take care of yourselves and your families. Together, we will get through this and I am confident we will be 'stronger on the other side'. Thank you again for your work to ensure a safe and secure food supply and chain.

Sincerely,

The Honourable Robert Black
Senator (Ontario)
